Piano base ED 1419 WC

Le dimensioni riportate sul piano di base sono le dimensioni della soletta in cemento da realizzare su un terreno perfettamente pianeggiante senza nessun altro oggetto esterno come muro, recinzione o albero nelle vicinanze della soletta. Se il prodotto viene installato vicino ad un muro, ad una siepe o ad un albero, è necessario allontanarlo da elementi esterni in modo che possa essere facilmente montato e mantenuto. Si declina ogni responsabilità in caso di errata interpretazione delle dimensioni della lastra.
